

Recruiting Professionals Working with Individuals with Klinefelter's Syndrome/XXY

As part of my MSc in Forensic Psychology, I am looking for participants to take part in research considering professionals experiences/perceptions relating to working with individuals with Klinefelter's syndrome/XXY. This study is being supervised by Dr. Henriette Bergström, and in cooperation with the Klinefelter's Syndrome Association. To participate you must meet the following criteria:

- ✓ Aged 18 years or older
- ✓ has some form of working/volunteering experience with individuals with KS
- ✓ has no personal experiences of KS (e.g., personal diagnosis or familial diagnosis)
- ✓ not currently employed by the NHS or HMPPS

Participation will involve an interview exploring your specific experiences/insights into Klinefelter's syndrome, taking place online and lasting around 60 minutes.

Thank you.

Interested?

to register your interest, or for more information regarding participation, please contact me (Harry Evans) via email.
